63 Kreider Lane  
Manheim, Pa. 17545

Dear Bruce,

This letter is to thank you and the Kreider team for the great job you did for us during our expansion here at East Petersburg. As you know, we interrupted every utility and mechanical system on the property to expand the building to the north. Your team was consistent in planning for the transitions of utilities and working with to project short transitions to allow our operations to continue as usual.

The expansion of the parking lot to the south was finished in a timely manner as well. Additionally, your extra attention to the details of the intersection gave us the best possible results for that project.

Thank you for the focus on all details and for safety in the project. We enjoy the working relationship we have with your business and the Kreider family.

Sincerely,
